

Pragati Anand

BSc Computer Science Graduate

New Delhi, India.

T: +91 8178 199 824 | E: prgt2005@gmail.com

Professional Summary

Motivated Computer Science Graduate from University of Delhi, combining a strong creative vision in graphic design with practical exposure to web development and AI integration. Proven experience co-developing user interface layouts, visual branding, and system workflows for academic projects using React, HTML/CSS, and generative AI APIs. Skilled across design tools (Figma, Canva, and Photoshop) and multimedia software (Premiere Pro and DaVinci Resolve). Adaptable and fast-learning, seeking an entry-level role in UI/UX design, digital media, or visual front-end support.

Core Competencies

Programming & Development:	Python, C++, HTML5, CSS3, MySQL, Visual Studio Code.
Data Analytics:	Power BI, Tableau, Microsoft Excel, Data Visualization, Dashboard Reporting, Data Interpretation.
AI Tools:	ChatGPT, Google Gemini, Microsoft Copilot, Claude AI, Grok AI, DeepSeek, Blackbox AI & Runway AI.
Design & Multimedia:	Canva, Adobe Photoshop, Adobe Premiere Pro, DaVinci Resolve, Blender, Filmora, Photopea, Figma, Microsoft Clipchamp.
Productivity Tools:	Microsoft Word, Microsoft Excel, PowerPoint, Outlook, Google Docs, Google Forms, Google Cloud, Notion.

Academic Project

ZENTRYX - AI-Powered Productivity Application

React.js | JavaScript | Google Gemini API | HTML | CSS | AI Tools

Project Overview: Co-developed an AI-assisted web application designed to help students structure study schedules and manage time efficiently. The application combines Pomodoro timers, task management, dynamic themes, and an interactive AI coach to enhance focus and productivity.

Key Responsibilities:

- Co-developed responsive front-end user interfaces using React.js, HTML, and CSS.
- Integrated Google Gemini API to build an AI Coach module for study and focus guidance.
- Managed application state and session tracking using React Hooks and browser Local Storage.
- Authored core Software Engineering documentation, including Use Case diagrams, DFDs, and sprint plans.
- Participated in functional testing, debugging, and user interface refinements across sprint releases.

Skills Demonstrated:

- | | |
|-------------------------------|-------------------------|
| • Web Application Development | • Python Programming |
| • Database Management | • Front-End Development |
| • AI Integration | • Problem Solving |
| • UI/UX Design | • Testing & Debugging |

Key Strengths

- | | | |
|----------------------------|-------------------------|---------------------------------|
| • Strong Analytical Skills | • Quick Learner | • Technical Support |
| • Problem Solving | • Time Management | • User Interface Design |
| • Creative Thinking | • Self-Motivated | • Social Media Content Creation |
| • Team Collaboration | • Organizational Skills | • Video Editing Practice |
| • Effective Communication | • Documentation | |

Education Qualification

B.Sc. (Hons.) Computer Science	CGPA - 6.65	2026
Mata Sundri College, Delhi, India. University of Delhi		

Intermediate (Twelfth) – PCM with Computer Science Kendriya Vidyalaya, Sector-8, RK Puram, Delhi, India. CBSE Board	67%	2023
Matric (Tenth) Kendriya Vidyalaya, Sector-8, RK Puram, Delhi, India. CBSE Board	83%	2021

Personal Details

Date of Birth: 27 November 2005	Languages: English & Hindi
Nationality: Indian	Address: 92 – L / C, Munirka, New Delhi – 110067.

I aspire to build a rewarding career by delivering high-quality, Technology-driven Solutions and creating value for the organization.
